

Newly refurbished contemporary workspace.

The place to thrive.

EastWest

A landmark reimagined

EastWest presents 175,860 sq ft. of contemporary, open-plan office space. The best Nottingham has to offer.

Located in the heart of the city, it's designed for life/work balance and built for teams to thrive. With remodelled communal spaces, a new on-site café, superfast connection and spaces to collaborate, catch up or unwind.

We believe in developing better and smarter. That's why we've reimagined this space. By prioritising its refurbishment, we're reducing our impact on the planet. This evolution will be ongoing, as we continue to design forward-thinking ways to enhance the workspace.

We have two first-class suites available immediately, and more on the way. All with bespoke leases to suit your business needs.

If you're navigating your next move, everything points EastWest.

New on-site café entrance, reconnecting the ground level spaces with the street. Double height glazing invites people and natural light to pour in.

Our newly remodelled reception opens out the ground floor. It is welcoming and spacious with relaxed meeting areas and a warmth that sets the tone for the rest of the building. Our on-site Concierge Team go above and beyond to make sure you can focus on what matters; your people and your business. They are the beating heart of our community.

LIFE at EastWest

Unlock your building

Our LIFE app joins the dots between work and life. Helping you, our staff and local businesses connect.

We want EastWest to feel like home, a place to nurture neighbourly bonds. LIFE drives our programme of events and classes for everyone, to discover hidden brilliance, improve their wellness or simply reach out to next door.

Open the app to design your day, check the latest Café deals or attend one of our curated events. All to help you build a high-performing and happier workforce, that can thrive together.

Floor 3 workspace

Building better

Our floorplates are the biggest in the city, but our footprints aren't. It takes an estimated 60 years for a standard building to recapture all the carbon emitted during the build. We're defined by our choices. And we're dedicated to keeping ours responsible.

By refurbishing and not building from new, we are reducing our use of raw materials and embodied carbon. We are upgrading old equipment to improve efficiency and reduce consumption. We painstakingly obsess over these details. All without compromising on quality, specification or your experience.

We've set-up this space to give your business the tools to play its part in a more sustainable future, while we continue to optimise the green credentials of the building.

The place to thrive

Modern life needs modern space. The way we work has changed. Rigid spaces and traditional working days are no longer. A new work order is in full effect.

Giving our teams the freedom to work more fluidly helps them to pursue their potential. But our true strength comes from working together. That's why the driving focus of this redesign has been to create spaces ideal for people to come together. Open-plan offices, break-out spaces and a café environment. All to inspire collaboration, to be a playground for those special moments where new thoughts collide.

You'll be in fine company. EastWest is home to Scape, Arup and Nottingham Trent University to name a few.
