EXPERIENTIAL PHOTOGRAPHY STUDIO SET TO OPEN IN BEESTON

A brand new experiential photography studio will open to customers in Beeston in Nottinghamshire this month, bringing something different to the thriving town centre.

Venture Studios, which has 20 locations throughout the UK, will open its doors in Station Road, Beeston in early March following a deal secured by commercial property agents FHP.

Chris Barber, director at Venture Studios Midlands, said: *“We have been searching for a location in Nottingham for some time but had been struggling to find something that was the right fit but the unit in Beeston really fits the bill.”*

Venture Studios offers a completely personalised photoshoot plus a cinematic viewing gallery once the photographs are ready. Customers receive a full bespoke experience, rather than just a quick photoshoot, so what we offer is very different to anything in the location at the moment. All our clients receive a beautiful piece of framed art that they can really treasure – as well as the lovely memories captured.

“Our range of photoshoots really do have something for everyone, whether that be a couple looking to celebrate a special milestone, a beautiful newborn shoot or a much-loved pet experience – we’ve had everything from dogs, cats to horses in our studios before!”

The new studio will be located at Units 1 and 2, Tesco Extra in Station Road, Beeston and will be open from 3rd March. It will offer a range of different products and photoshoot packages including family, maternity and baby, pets or couples and individuals.

The deal was overseen by Oliver Marshall at FHP who represented the landlord. He added: *“Beeston is a really up and coming part of Nottinghamshire which has seen significant investment in recent years, so it’s an exciting place for Venture to set up their Nottingham studio.”*

The unit has been vacant for some time, despite its prime position, but it lends itself perfectly to what the team at Venture will bring to the town. It’s got great visibility within Beeston but also is situated right next to the tram stop, meaning it’s really easily accessible from Nottingham city centre too.”
